Sponsorship Policy

1. Salesian College, Chadstone, an independent Catholic Secondary School, exists for the provision of a quality Christian education for young men from the South Eastern Suburbs of Melbourne. The social and financial possibilities of many of our families, and the consequent resources of Salesian College, are conditioned by that setting. The entire College community proudly continues a long standing tradition of Catholic education in this region of Melbourne.

2. The College Board is interested in promoting commercial sponsorship arrangements with outside organisations. Such sponsorship is aimed at the mutual benefit of both parties: the students of Salesian College, and the outside organisation.

3. Sponsorship arrangements will be entered into by the College Board with those outside organisations which share the College's ethos of providing "opportunity for all" for an education based upon "those absolute values which ... give meaning and value to human life" (Congregation for Catholic Education, The Catholic School [Rome, 1970]).

The College Board
Salesian College, Chadstone

* This policy Statement will be the essential starting point for all sponsorship negotiations between Salesian College, Chadstone, and outside commercial organisations.
