This rare opportunity will stay with you forever.

Media attention often feasts on the reality that some famous sportsmen and celebrities fall short of being good 'role-models' to our boys but we are confident that the best role-models are much closer to home. 'Stepping Up' taps the very best resources in our own school community – the dads (or grandfathers, older brothers or uncles) of our boys. Be part of this innovative single evening program that gives a signpost to each boy about the best ways he can 'step up' to be a good man.

We are bringing Bill Jennings...

to our school to facilitate this unique experience for you. Bill is the creator and founder of 'Time & Space' (www.time-space.com.au), a service he has developed to give people just that – 'time and space' for parents and their children to share important moments together in a school community setting. This session provides opportunities that include carefully guided interactions with other dads and their boys.

Fathers will emerge from the night reassured and impressed by the way our students are able to speak up and share insights about their life.

Be assured that the night is fun too! It is full of activities and conversations that will make us smile.

To register please:

Or email scc.dads@book.time-space.com.au

This helps with our activity planning for the session. This session is exclusive to Year 8.

If you have any other enquiries, please call Michelle Collins on (03) 9807 2644.

We know that families come in all shapes and sizes. If a boy's father is not able to attend, a grandfather, uncle or other male mentor is welcome.
